

Company Profile

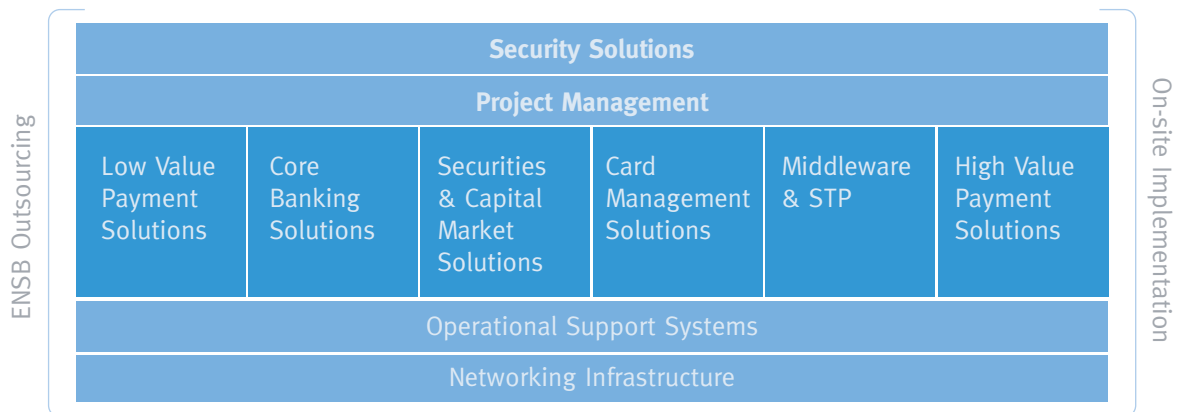

en.ables its customers to handle confidential transactions in an efficient and effective way.

EastNets™ vision is confidentiality without a hassle. With a background of growing IT spending and technological innovation, business will want to focus more on core activities and outsource handling of confidential transactions and infrastructure to specialists.

Founded in 1984, EastNets™ is engaged in the provision of payment and security solutions primarily for the financial, corporate and government sectors. It is a business partner of SWIFT maintaining all five spectrums of SWIFT partnerships (SWIFT Business Partner, SWIFT Service Partner, SWIFT Business Partner Service Bureau, SWIFT Solution Partner, and SWIFT Education Partner). EastNets™ has other strategic global alliances such as Checkfree and SIA /Perago, offering payment solutions.

EastNets™ acts as Value Added Reseller (VAR) to the selected financial application solutions. It also develops propriety software, such as Integration Applications, Anti Money Laundering Applications and E-Gate Issuing Software, a passport alternative entry and exit system which is installed at Dubai and Abu Dhabi Airports. Moreover, we are very proud to announce that EastNets™ Group has acquired SIDE International in 2007. The two companies have been business partners since 2002, making this strategic acquisition very important

Product Portfolio

to both companies. EastNets™ extends outsourcing services to its clients through its Service Bureau, which is one of the leading centers in the region.

With 12 offices (UAE, Egypt, Jordan, Saudi, Bahrain, Pakistan, Turkey, Belgium, Netherlands, France, Luxemburg and USA) and more than 250 employees, EastNets™ serves around 900 banks in more than 120 countries around the globe. In addition, the Outsourcing Service Bureau serves more than 185 financial institutions. EastNets™ brings more than 24 years of experience in the regional payment and security market.

It has shown solid financial performance and has been profitable for years.

The EastNets™ Service Bureau (en.SB™) enables Banks, Broker Dealers, Fund Managers, other Financial Institutions, and corporate to effectively outsource their connectivity and infrastructure. The en.SB™ also provides the financial community with other IP based applications and services. The client's data processing requirements are met by operating their software and infrastructure hosted at the en.SB™.

WORKING TOGETHER 2008

EastNets™ and its strategic alliances have the experience and technology to successfully, implement solutions for clients globally through our four primary business areas:
